Computer Science graduate (EWU, 2026) specializing in Data Science with hands-on expertise in MERN stack development and applied ML research. Author of two accepted international conference papers in Computer Vision. President's Scout Award recipient. Seeking software engineering or data science roles to build scalable systems and data-driven solutions.

Education

East West University

BSc in Computer Science and Engineering | Major: Data Science

Aftabnagar, Dhaka-1212, Bangladesh

Feb 2022 – May 2026

Dr. Mahabubur Rahman Molla College

Higher Secondary Certificate (HSC)

Jatrabari, Dhaka-1362, Bangladesh

2020

Shamsul Haque Khan School and College

Secondary School Certificate (SSC)

Demra, Dhaka-1362, Bangladesh

2018

Technical Skills

Languages: JavaScript, TypeScript, Python, Java, C, C++

Frontend: React.js, HTML5, CSS3, Tailwind CSS, DaisyUI, Responsive Design

Backend: Node.js, Express.js, REST API Design, TanStack Query, Axios

Databases: MongoDB, Oracle SQL

Auth & Security: Firebase Authentication, JSON Web Token (JWT)

ML & AI: TensorFlow, Scikit-learn, NumPy, Pandas, Matplotlib, Seaborn, StatsModels, Computer Vision

Deployment & Tools: Netlify, Vercel, Git, GitHub, Figma, Canva, Microsoft Office

Projects

Medivo – Medical Camp Management System | MongoDB, Express.js, React.js, Node.js, Firebase, Stripe

2025

- Built a full-stack medical camp platform handling registration, scheduling, and participation tracking across multiple camp activities.
- Implemented dual **role-based access control (User/Admin)** with protected routes to secure sensitive operations and streamline admin workflows.
- Secured authentication with **Firebase Auth + JWT**; improved data fetching efficiency using **TanStack Query** and **Axios** for seamless client-server sync.
- Integrated **Stripe** payment gateway enabling secure online payments for camp registrations.
- **Live:** medivo-db4d1.web.app | **GitHub:** [Client](#) | [Server](#)

EWUFindHub – University Lost & Found Platform | MongoDB, Express.js, React.js, Node.js, Firebase, JWT

2026

- Developed a campus-wide lost-and-found web application enabling students to report, track, and recover missing items through a structured digital workflow.
- Designed **admin-gated confirmation workflow** with multi-step claim verification to prevent false releases and ensure secure item handover.
- Built complete **User/Admin role-based flows** covering item posting, claim requests, real-time status updates, and resolution management.
- Architected RESTful backend with **TanStack Query** and **Axios** ensuring consistent, predictable API communication across all modules.
- **Live:** ewu-findhub.web.app | **GitHub:** [Client](#) | [Server](#)

Jasmine Event Explorer | React.js, Tailwind CSS, DaisyUI, Firebase, Netlify

2024

- Built a responsive event management **SPA** with **client-side routing**, **Firebase Authentication**, and protected route access control.
- Designed a fully responsive, component-based UI using **Tailwind CSS** and **DaisyUI** optimized for cross-device compatibility.
- **Live:** jasmin-event-explorer.netlify.app | **GitHub:** [Repository](#)

Publications & Research

Automated Detection and Classification of Electronic Components

Conference: International Conference on Electrical, Computer and Communication Technologies (ECCT 2026) | [Certificate](#)

MangoLeViT: Self-Supervised Vision Transformer for Mango Leaf Disease Classification

Conference: 1st International Conference on Power, Electronics, Communications, Computing, and Intelligent Infrastructure (PECCII 2026) | Accepted: 08 May 2026

Honors & Awards

President’s Scout Award (2018) | Awarded by the President of Bangladesh — highest national scouting honour | [Certificate](#)

Bangladesh Scouts Community Development Award (2018) | Recognized for leadership and community impact | [Certificate](#)

Languages

Bengali — Native English — Professional Working Proficiency
